The Hands of Time

A study conducted by the American Society of Plastic Surgeon's (ASPS) shows that most people can tell your age, just by seeing your hands. Why not improve the look of your hands with our 12 week hand boot camp?

12 week Hand Boot Camp \$275 (reg. \$328)

Just In Time for Summer, Get Your Body Beach Ready With VASER® Shape

4 treatments for \$2000 (reg. \$700 each)

VASER® Shape is a non-invasive ultrasound treatment that can smooth, firm and shape those troublesome areas. Most patients require 3-5 sessions. Treatments are generally weekly, so you can be beach ready in just 1 month!

Spring Renewal

12 week Neck & Décolletage Boot Camp

\$375 (reg. \$420)

The Neck & Décolletage are the two most vulnerable areas to noticeable signs of aging. These areas tend to be thinner, less moisturized, and often overlooked in any skincare regimen. This 12 week program will dramatically reduce the pre-mature signs of aging caused by sun damage.
